Addendum No. 02

File Reference Number: RFP 2026 068

Title: Engineering Services for Cochrane Powerhouse Ventilation and Battery Storage

RE: Clarifications/Questions

This Addendum forms part of the solicitation documents and is to be read, interpreted, and coordinated with all other parts of the procurement documents.

The following amendment is hereby issued:

Item No. 01: Appendix B – RFP Particulars – A. The Deliverables – Description of Services

Task 2 – Schematic and Detailed Study

- e. Develop a study and review packages to provide to ONTC for review at (30%), (60%) and (100%). Allow one week for review for each package and a review meeting for each submission.

Answer: This has been revised to the following:

- e. Develop Schematic design (30%), Detailed Design (60%) and (90%). Deliverables shall be provided for ONTC review. Allow one week for review for each package and a review meeting (one hour duration) for each submission.

Item No. 02: Appendix B – RFP Particulars – A. The Deliverables – Pricing

- The proposal price shall be presented as an upset limit price and include all required services at the study, tender and design phases.

Answer: This has been revised to the following:

- The proposal price shall be presented as an upset limit price and include all required services at the design, tender and construction phases.

Item No. 03: Appendix D – Schedule of Prices

To ensure consistency with the revised scope of work and deliverable descriptions outlined in Item No. 01 and 02 of Addendum No. 02, the pricing breakdown in Appendix D has been amended as follows:

Original Wording:

Task 2: Schematic and Detailed Study

Revised Wording:

Task 2: Schematic and Detailed Design

Proponents are advised to use the revised terminology when preparing their pricing submissions. All pricing associated with Task 2 shall reflect the requirements for the Schematic Design and Detailed Design phases as described in Appendix B of the RFP.

Item No. 04: Mandatory Virtual Meeting

Please find below the link to access the Virtual Meeting Presentation, which has been provided as a separate attachment.

[RFP 2026 068 - Engineering Services for Cochrane Powerhouse Ventilation and Battery Storage](#)

Respondents who have registered for the meeting have already been granted access. Any respondent requiring access is requested to contact me via email, and access will be provided accordingly.

All other terms and conditions of the solicitation remain unchanged.
